

Pratt and Whitney Engine Filtration Products

Improve Fluid Cleanliness | Reduce Costs

As the industry leader in filtration, Pall has the largest and broadest portfolio of OEM approved filter products.

By providing the highest level of engine protection available, Pall fuel and lubrication filter elements keep your engines flying and reduce your costs.

For many of the Pratt and Whitney (PW) engines used by operators around the globe, Pall has been involved from the original filter design through to testing, certification and series production and in partnership with Satair, continues to support the PW engines in-service today.
