Current Groups of Interest

Pall Biotech has historically been involved with numerous industry interest groups, and it continues to be a critical activity for our company. Pall Biotech is currently most focused on the following groups, note that this listing is not inclusive of all industry interest groups to which Pall Biotech contributes:

- PDA: Parenteral Drug Association
- ISPE: International Society for Pharmaceutical Engineering
- BPSA: Bio-Process Systems Alliance
- ASTM International: American Society for Testing and Material
- ASME-BPE: American Society of Mechanical Engineers - Bioprocessing Equipment
- BPOG: BioPhorum Operations Group

Influencing Industry

Active participation in all these groups allows Pall Biotech to:

- Be fully aware of the latest biomanufacturing trends and to get feedback from the Subject Matter Experts (SMEs) of the whole biotech industry;
- Share the knowledge we have accumulated over the years and be involved in the education of the biotech and biopharmaceuticals work force;
- Participate in the biotech industry improvement by sharing good practices and providing input into developing and supporting industry standards.

Active Interests

There is a wide range of subjects and activities covered by these industry groups due to the complexity of our environment. This includes, but is not limited to:

- Technical applications: for example, particulates, single-use systems integrity assurance, continuous processing, cell and gene therapy.
- Business matters: for example, waste management of single-use systems, change notification, quality agreement, forecasting.
