

Subject: POPs

Regulation (EU) No 2019/1021 related to Persistent Organic Pollutants (recast) of 20th June 2019 and amendment Delegated Regulation 2020/784 to Annex I in regards to PFOA, its salts and PFOA-related compounds.

General Information on POPs Compliance:

Pall wishes to control or limit use of various substances, either in, or in contact with articles and materials used in the manufacture of the products it supplies. We therefore request vendors advise Pall if they know certain substances of interest are present in the items they supply to us. Substances of current interest are available on the Pall website at <https://www.pall.com/content/dam/pall/pall-corp/literature-library/non-gated/E962.pdf>. This list is updated regularly in line with key environmental and product legislation. This document; 'Pall Global Disallowed & Controlled Substances' is referred to as "E962".

The substances (listed below) covered Annex A of the POP regulation, are commonly considered to be "endocrine disrupting chemicals" (EDCs) and are included as such within the 'Controlled' and 'Disallowed' Substances lists of E962. Those Annex A substances currently being:

Aldrin
Chlordane
Dieldrin
Endrin
Heptachlor
Hexachlorobenzene (HCB)
Mirex
Toxaphene
Polychlorinated biphenyls (PCBs)
Dichlorodiphenyltrichloroethane
Dioxins
Polychlorinated dibenzofurans
Chlordecone
α-hexachlorocyclohexanone and β-hexachlorocyclohexanone
Hexabromo diphenyl ether
Lindane
Pentachlorobenzene
Tetrabromodiphenyl ether
Perfluorooctanesulfonic acid and its salts
Endosulfanes
Hexabromocyclododecane

Plus, perfluorooctanoic acid (PFOA), its salts and PFOA-related compounds as detailed in Delegated Regulation 2020/784 of April 8th 2020 and its corrigendum June 15th 2020.
