

Subject: Statement regarding GMO and Allergens

Product(s): Pall Food & Beverage Cartridge Filters and Sheet based filter products ('W'-Code)

General information: GMO and Allergens

GMO:

The materials of construction utilized by Pall to manufacture these products are primarily synthetic in nature. Pall does not specify or intentionally use any GMO substances in the manufacture of this product. However, since the raw materials we purchase are not certified as “non-GMO”, we cannot exclude the possibility that genetically modified material may be present in a trace quantity as an incidental additive deriving from the raw material manufacturing process.

Allergens:

These products are manufactured from materials of construction which are synthetic in nature. Furthermore, these products are not packaged food items or foodstuffs and not under the scope of the U.S. Food and Drug Administration’s Food Allergen Labelling and Consumer Protection Act of 2004 that deals with labelling of certain food items for the presence of common allergenic ingredients. However, Pall is pleased to inform you that the following substances are not direct materials of construction or knowingly utilized in the manufacture of these products.

Gluten

Glucose

Lactose

Nuts

Egg / protein

Soy

Nickel / Zinc

Fish / shellfish

Corn starch

Metabisulfite

While we do not expect any of these substances to be present, please be aware that the raw materials we purchase are not certified as “allergen free”. Therefore, we cannot exclude the possibility that an allergenic substance may be present in a trace quantity as an incidental additive deriving from the raw material manufacturing process.
