**3. PRICES**

- 3.1 The purchase price set out in the Purchase Order ("**Purchase Price**"), is exclusive of taxes but is deemed to be inclusive of all packaging, delivery charges and other costs, except as specifically excepted on Pall Korea's Purchase Order. The Purchase Price shall remain fixed until the delivery and acceptance of all Goods and required documentation and the completion of all related work hereunder in accordance with these terms and conditions, notwithstanding that Pall Korea may extend the date for delivery of the Goods or temporarily suspend performance of the obligations under the Purchase Order.
- 3.2 Payment shall not be deemed to constitute acceptance by Pall Korea of any defective Goods.

**4. PAYMENT**

- 4.1 Unless otherwise stated in the Purchase Order, Pall Korea shall pay that amount of the Purchase Price of the Goods properly due to the Supplier, less any amount which Pall Korea is entitled to withhold, within sixty (60) days after the date of receipt by Pall Korea of a proper invoice for them (respectively).
- 4.2 No invoice will be accepted for payment and Pall Korea shall have no obligation to pay it, unless it refers to Pall Korea's Purchase Order number, is appropriately addressed and provides sufficient detail with respect to all Goods invoiced.

- 4.3 In the event that payment is made before delivery for any or all of the Goods, Supplier grants to Pall Korea, and Pall Korea shall have, a security interest in the Goods, components and/or raw materials used in or purchased or designated for the manufacture of the Goods or purchased using money paid by Pall Korea to Supplier (or on Supplier's behalf), which security interest shall attach to the Goods, components and such raw materials immediately upon such payment. Supplier agrees to execute and file (or, at Pall Korea's discretion, permit Pall Korea or its agents to file), or to take such other reasonable actions as Pall Korea deems necessary, in order to evidence such security interest, at Supplier's cost.
- 4.4 In the event that Supplier becomes insolvent or bankrupt during the period of Supply, Pall Korea will have an unlimited right to claim access to the Goods in progress where Pall Korea has made payment prior to delivery.

- 6. RISK AND PROPERTY**
- 6.1 Without limiting any rights of Pall Korea with respect to damaged, defective or non-complying Goods, including under clause 7.5, risk of damage to or loss of the Goods shall pass to Pall Korea when the Goods have been delivered and unloaded at Pall Korea's premises or designated shipment point and delivery acknowledged by Pall Korea.
- 7. DELIVERY AND IDENTIFICATION OF GOODS**
- 7.1 Goods shall not be despatched prior to receipt by Supplier of Pall Korea's written Purchase Order. If the Supplier procures raw materials, components or engages in hire labour prior to the receipt of Pall Korea's Purchase Order, the Supplier proceeds at its own risk.
- 7.2 The delivery of the Goods (and all work associated with the Goods) shall be completed by the date(s) specified in the Purchase Order or as otherwise agreed by Pall Korea in a written document signed by Pall Korea (or an exchange of emails between Pall Korea and the Supplier).
- 7.3 Time is of the essence in the performance of Supplier's obligations under these terms and conditions. The Supplier agrees that as soon as it becomes evident, the Supplier will immediately provide written notice to Pall Korea of any material delays in its inability to meet the delivery date. If Supplier fails to commence work on the Goods on receipt of the Purchase Order, or it appears to Pall Korea that Supplier is not proceeding diligently with performance, or that it may not be able to complete the delivery of the Goods by the required date, or Supplier fails to do so, Pall Korea may terminate the Purchase Order or any part thereof at any time in accordance with the termination provisions of these terms and conditions.
- 7.4 Without prejudice to any other right or remedy, if Goods are not delivered on the required due date(s), or without certificates, identification or documentation in full compliance with Pall Korea's requirements, Pall Korea shall be entitled to refuse the Goods. In that event Pall Korea shall also be entitled to recover from Supplier, by way of liquidated damages and not as a penalty (either directly or by deduction from any monies due or which become due to Supplier) a sum equivalent to 1% of the Purchase Price for each week's delay up to a maximum of 10% of the Purchase Price (or such other amount as may be specified in the Purchase Order). Pall Korea may, in its absolute sole discretion and under no obligation to do so, extend the delivery due date(s) by notice in writing given to the Supplier.
- 7.5 Delivery shall not be deemed complete until all Goods and all other related deliverables (including manuals and all other documentation) and services have actually been received and accepted by Pall Korea, notwithstanding any prior payment or agreement by Pall Korea to pay transportation charges.
- 7.6 Goods delivered in excess of the amount specified in the Purchase Order may be refused and returned at Supplier's expense. Pall Korea shall have no obligation to pay for any Goods (including any services) performed in excess of that called for or required by the Purchase Order.
- 7.7 Unless otherwise specified in the Purchase Order, delivery terms shall be Ex-Works (EXW Incoterms 2000). Supplier shall notify Pall Korea once all obligations set out in the Purchase Order are complete and Goods available for collection.
- 7.8 All equipment, fittings, accessories and documentation which may not have been specifically stated in these terms and conditions, the Purchase Order or the Specification, but which are necessary for the efficient working of the Goods to be supplied shall be deemed to have been included in the Purchase Price. All such items shall be completed and delivered to Pall Korea with the Goods, whether such details are mentioned in the Purchase Order, terms and conditions or Specification or not.
- 7.9 Each package or case shall be clearly marked with Supplier's name and Pall Korea's Purchase Order number and reference (if any), delivery address, Supplier's address and any other details required by Pall Korea.
- 7.10 Supplier shall be responsible for proper packaging, loading and tie-down of Goods to be delivered to prevent damage during transportation. No charge will be allowed for packing, crating, loading, or storage without Pall Korea's written authorisation prior to the charge being incurred.
- 7.11 All Goods shall be suitably packed having regard to the nature of the Goods, to withstand normal freight handling and to withstand extended periods of storage. If the Goods or any parts thereof are damaged due to faulty or inadequate packing, the damaged Goods or parts thereof

shall be repaired or replaced at Supplier's expense whether or not delivery has been accepted. The risk of loss or damage in transit shall always remain with the Supplier.

## 8. INSPECTION

8.1 Pall Korea may, at reasonable times, upon reasonable notice, perform such inspections and/or audit of Supplier's facilities, as Pall Korea deems necessary to satisfy itself that the work on the Goods and/or the performance of the services meets the requirements of the Purchase Order and of Supplier's compliance with applicable laws and regulations and these terms and conditions.

## 9. DEFECTIVE GOODS OR SERVICES

9.1 If any Goods are defective or fail to meet the requirements of Pall Korea's Purchase Order or the warranties set out in these terms and conditions during the Warranty Period (as defined below), Pall Korea reserves the right, at out sole discretion, to either: -

- (a) require Supplier to remedy, at Supplier's own expense, any defects that may arise in the Goods and any related work; or
- (b) return the Goods for repair or replacement or require replacement services within a period of time specified by Pall Korea at Supplier's cost; or
- (c) carry out any necessary rectification and then charge Supplier's account for such work; or
- (d) require the Supplier to refund the Purchase Price in full within 30 days of Pall Korea's notice and terminate the Purchase Order. Pall Korea will not be liable to Supplier for any consequential losses or damages as a result of termination under this clause 9.1(d).

9.2 "**Warranty Period**" shall mean the longer of: (i) 18 months after the date the Goods are received by Pall Korea; or (ii) 12 months after the date that the Goods have been put into service for their specified use; provided, however, that in the event a defect or non-conformity to the applicable specifications arises within such period but does not become apparent until such period has expired, the term Warranty Period shall mean the period commencing on the date such defect or non-conformity became apparent and ending 12 months thereafter. The Warranty Period in respect of any repaired, replaced or corrected Goods shall recommence for a further period of 12 months from the date of completion of the repair, replacement or correction of the defect or damage.

9.3 Pall Korea's rights under clause 9.1 are, where permitted, in addition to any other right or remedy available under statute or at law including with respect to any claim for damages for any defective, non-complying Goods (including services) which Pall Korea becomes aware of, notwithstanding the expiration of the Warranty Period.

## 10. STATUTORY AND SAFETY OBLIGATIONS

10.1 Supplier shall comply with all relevant statutes, laws, regulations, and by-laws affecting the making or delivery of the Goods under the Purchase Order.

10.2 Supplier shall provide Pall Korea with all information as is reasonably necessary to assist Pall Korea in using, handling, storing and distributing the Goods in compliance with all applicable laws and regulations, including but not limited to a completed Material Safety Data Sheet in a form which meets or exceeds the requirements set out in the Industrial Safety & Health Law, Enforcement Ordinance, Enforcement Regulations and Notice of Ministry of Labor. Supplier agrees to hold Pall Korea harmless from and against all liabilities, claims, fines and penalties that may arise out of the transportation, delivery, use, handling, storing and/or distribution of the Goods resulting from any such information that does not meet the foregoing requirements.

10.3 Without limiting the generality of clause 10.2, Supplier shall provide Pall Korea in writing, with such information relating to any materials supplied and /or used by Supplier in connection with the Goods and Pall Korea's Purchase Order and its design, testing, condition and use as is necessary to ensure it will be safe and without risk to health when properly handled, stored, transported and used. Supplier shall supply at Supplier's own expense, certificates of analysis, tests, and certificates of origin as are required by Pall Korea's Purchase Order in connection with the goods or services, or otherwise required by law or by Pall Korea. Such information shall be delivered no later than the Goods to which it relates and shall be addressed for the attention of the Purchasing Department. Invoices will not be processed for payment unless such information is supplied as requested.

## 11. INDEMNITY & INSURANCE

11.1 Supplier shall indemnify Pall Korea (and its successors and assigns) in respect of all loss, damage, liability or injury whatsoever involving any person or property (including third parties and property) and against any action, claim, demand, damages, cost, charge or expenses (including reasonable legal fees, internal processing costs, rework and remanufacturing costs) arising out of or in connection with Pall Korea's Purchase Order, to the extent that the same shall have been caused or contributed to by any breach by Supplier of Supplier's obligations under these terms and conditions or by the negligence or wilful misconduct of Supplier, or its directors, employees or agents, including (without limitation) Supplier's obligations under clause 19 (Anti-Bribery Certification). Such indemnity shall be in addition to any other remedies afforded by law, contract or equity and shall survive termination of the Purchase Order.

11.2 Supplier shall also hold Pall Korea indemnified from and against all actions, claims, demands, damages, costs, charges and expenses suffered or incurred by Pall Korea in respect of any patents or other intellectual property rights of a third party, which may be infringed (or claimed to be infringed) by the Goods, or services supplied under Pall Korea's Purchase Order (except infringement resulting from adherence to the Specifications provided to Supplier by Pall Korea). Supplier shall pay all damages, costs, charge, expenses and legal fees incurred by Pall Korea (including without limitation those awarded against Pall Korea in any such suit or proceeding) and, at Pall Korea's discretion, either (i) at Supplier's expense, obtain through negotiation the right for Pall Korea to purchase and/or use the Goods; or (ii) rework the Goods so as to make them non-infringing while preserving their original functionality; or (iii) replace the Goods with functionally equivalent non-infringing Goods; or (iv) refund Pall Korea the amounts hereunder.

11.3 Supplier shall maintain insurance cover, at Supplier's expense, acceptable to Pall Korea in respect of:

- (a) such liabilities as are envisaged in clause 11.1;
- (b) liability at common law or statute for any person employed by the Supplier in or about the performance of the Supplier's obligations hereunder, including for workers compensation, work cover or similar liabilities of Supplier (who shall be liable to its employees for such matters even if they undertake performance of services or delivery of Goods on or about Pall Korea's property or premises);

- (c) any liability it may have to Pall Korea arising out of the transportation and delivery of the Goods; and
- (d) where the Supplier has design obligations, professional indemnity insurance of an amount stated in the Purchase Order, or if no amount is stated, US\$5,000,000, to be maintained for the duration of the Supplier's performance of its obligations and thereafter for a period of 6 years, and shall provide to Pall Korea on request valid certificates of insurance in respect thereof. Such insurance policies shall name Pall Korea as an additional insured and shall waive any rights of subrogation against Pall Korea. The insurance policies shall in no way define or limit the obligation of Supplier in the event of loss.

## 12. DISPUTES & TERMINATION

- 12.1 In the event of any default by Supplier in the performance of any obligations, including without limitation the failure to deliver any Goods or failure to carry out Pall Korea's reasonable instructions, Pall Korea may, where such default is capable of remedy give Supplier written notice to rectify such default in a specified time. If Supplier fails to comply with the requirements of the notice, or in Pall Korea's sole opinion Supplier's default is incapable of remedy to Pall Korea's satisfaction, Pall Korea shall be entitled to terminate the Purchase Order in whole or in part, immediately, by serving notice in writing to Supplier to such effect, without prejudice to any other rights under the Purchase Order or otherwise, and shall have the right to retain any Goods previously supplied under the Purchase Order.
- 12.2 Without limiting any of Pall Korea's common law rights, Pall Korea shall be entitled to terminate its Purchase Order, with immediate effect, if:

  - (d) Pall Korea reasonably apprehends that any of the events mentioned above is about to occur and notifies Supplier accordingly; or
  - (e) Supplier repudiates this Purchase Order;
  - (f) Supplier is in default of this Purchase Order and such default is, in the opinion of Pall Korea, incapable of remedy; or
  - (g) Pall Korea concludes (in its sole discretion) that Supplier has failed to meet its obligations under clause 19 (Anti-Bribery Certification).
- 12.3 Pall Korea's rights and remedies are in addition to and without prejudice to other rights and remedies under the Purchase Order or at common law, including Pall Korea's right to allow Supplier to continue with and recover from Supplier the loss or damage suffered by Pall Korea in respect of Supplier's defective or delayed performance.
- 12.4 Pall Korea shall be entitled, at any time, to terminate the Purchase Order in whole or in part for its sole convenience, by serving notice on Supplier. Supplier shall cease all performance except to the extent provided in the notice of termination. In such event, Pall Korea shall make payment to Supplier (as full and final settlement of all claims which Supplier may have against Pall Korea as a result of termination) for all work satisfactorily performed up to the date of termination. This shall include the repurchase by Pall Korea at cost of all materials, which have been irrevocably purchased by Supplier for incorporation in the Goods, except to the extent that such materials are:
- (a) damaged or not in their original packaging, or
  - (b) capable of being used by Supplier for other customers, or
  - (c) able to be returned by the Supplier to their seller or re-sold to a third party.
- In no event will Pall Korea be required to reimburse Supplier for indirect, consequential, incidental or special damages, including prospective profit or overheads arising out of or in connection with termination of the Purchase Order.
- 12.5 Supplier acknowledges its obligation to take all reasonable steps to mitigate liabilities arising from such termination.
- 12.6 Termination shall not relieve either party of liability with respect to any prior breach or with respect to rights and obligations based upon any matter which occurred prior to termination.
- 12.7 If the Supplier has a claim or dispute against Pall Korea in connection with the Purchase Order (other than a variation to be dealt with under clause 16), the Supplier must give written notice thereof to Pall Korea, setting out particulars of the claim or dispute. Thereafter representatives of the Supplier and Pall Korea must meet in an attempt to resolve the dispute.
- ## 13. TOOLS AND MATERIALS
- 13.1 All special dies, tooling, moulds, patterns, jigs, fixtures, and any other property which Pall Korea furnishes to Supplier or specifically pays for to be used by the Supplier in the performance of this Purchase Order ("**Equipment**"), shall be and remain Pall Korea's property, shall be:
- (a) kept separate and marked to reflect it is the property of Pall Korea,
  - (b) subject to removal upon Pall Korea's instruction,
  - (c) for Pall Korea's exclusive use,
  - (d) held at Supplier's risk, and
  - (e) kept insured by Supplier at Supplier's expense while in Supplier's custody or control in an amount equal to the replacement cost, with loss payable by Supplier.
- Supplier shall indemnify Pall Korea against all actions, claims, demands, damage, liabilities, costs, charges or expenses suffered or incurred by Pall Korea arising from a claim by Supplier's employees, agents or consultants for bodily injury or death in connection with the operation of the Equipment while in Supplier's care, custody and control.
- 13.2 Where Pall Korea provides free issue material for incorporation into the work, Supplier shall use such materials economically, and any surplus shall be accounted for to Pall Korea and disposed of in accordance with Pall Korea's instructions. Waste, loss or damage to such materials arising from poor workmanship or Supplier's failure to maintain such materials in good order or condition shall be made good at Supplier's expense, replacements being of equivalent quality and specification and subject to Pall Korea's approval.

#### 14. INTELLECTUAL PROPERTY RIGHTS

- 14.1 Any Specification supplied by Pall Korea to Supplier, or specifically produced by Supplier for Pall Korea, in connection with Pall Korea's Purchase Order, together with the copyright, design rights or any other intellectual property rights in the Specification or anything made, delivered or performed by Supplier in which intellectual property rights may subsist, shall be Pall Korea's exclusive property. Supplier shall not disclose to any third party any such Specification or other proprietary information except to the extent:
- (a) that it is or becomes public knowledge through no fault of Supplier,
  - (b) as required by law, provided that Supplier gives Pall Korea immediate notice of such legal requirement and cooperate with Pall Korea's attempts to acquire an injunctive or protective order, or
  - (c) for the purpose of fulfilling the Purchase Order provided that the third party is under an obligation of confidentiality no less stringent than stated herein.
- Supplier shall not use any Specification or proprietary information except to the extent that it is required for the purpose of fulfilling Pall Korea's Purchase Order.
- 14.2 Where Pall Korea commissions Supplier to produce a design in accordance with the Purchase Order, the design supplied by Supplier shall be capable of being implemented to achieve the purpose(s) specified in Pall Korea's Purchase Order. Copyright, design rights or any other intellectual property rights in the design shall be Pall Korea's exclusive property.
- 14.3 All copyright or other intellectual property rights in the work produced by Supplier (other than design rights under 14.2) shall be assigned to Pall Korea and Supplier undertakes to execute all documents and take all steps necessary to secure to Pall Korea all rights assigned by this clause. Moral rights must vest in accordance with clause 14.1.
- 14.4 Supplier warrants that the Supplier's performance under the Purchase Order will not infringe the rights of any third party and will not have been previously assigned, licensed or otherwise encumbered.

#### 15. CONFIDENTIAL INFORMATION

- 15.1 If Pall Korea discloses or grants Supplier access to any research, development, technical, manufacturing, financial, or other commercial information or "know-how" of a confidential nature, including but not limited to Pall Korea's products, technology, equipment, manufacturing processes, inventions, patent applications, designs, design applications, computer hardware and software or any other technical or commercial information which is personal to Pall Korea and is not common knowledge among competitors to whom it may be useful and which may give Pall Korea an advantage over its existing and prospective competitors, whether reduced to writing or not, Supplier will not use or disclose any such information to any other person or company at any time, without the prior written consent of a Director of Pall Korea and at Pall Korea's request. Supplier shall execute Pall Korea's standard Confidentiality Agreement.
- 15.2 All of Pall Korea's designs, drawings, memoranda and data provided by Pall Korea shall at all times remain Pall Korea's property and shall be returned to Pall Korea on request. Unless otherwise agreed in writing, Supplier shall not be entitled to use such information to develop or apply for any intellectual property rights, whether rights to patents, designs, trade secrets, copyrights, databases, know-how or otherwise, registered or unregistered, including applications or forms of protection equivalent or similar in effect to any of such rights anywhere in the world.

#### 16. VARIATIONS

- 16.1 Pall Korea may by written notice or change order make any changes to the Purchase Order, including changes to the quantities originally ordered, the Specifications, drawings or delivery date(s). Supplier shall perform all variations to the work required by Pall Korea without delay. Supplier shall promptly advise us in writing of the reasonable effect of the change on price and delivery and an equitable adjustment shall be made, to the extent deemed necessary by Pall Korea. Any claim for adjustment must be asserted and written notice thereof provided by Supplier to Pall Korea within 30 days from the date the variation is ordered. Unless Pall Korea disputes the notice (which Pall Korea may do so at any time), Pall Korea will accept the effect on price and delivery (without affecting the balance of the terms and conditions). If Pall Korea does dispute the effect, and if the parties cannot resolve the dispute by agreement between the contract managers for each party, the parties must meet and agree the effect and if they cannot agree, then it is to be determined by an independent engineering expert acting as an expert and not as an arbitrator appointed by Pall Korea whose costs are borne by Pall Korea and Supplier equally. The rules of the expert determination process shall be the Korean Commercial Arbitration Board rules. The Expert's decision, after receipt of submissions by the parties, will be binding on the parties.
- 16.2 No variation or qualification of the Purchase Order, these terms and conditions or the Specifications shall be valid unless agreed by Pall Korea in writing. Any action on Pall Korea's part in variance with such documents shall not constitute a waiver of them and Pall Korea shall continue to be entitled to rely upon all the terms and conditions. Pall Korea shall also be entitled to rely on any statement, warranty, or representation made by any of Supplier's employees or agents.
- 16.3 Supplier shall carry out variations which are required, and which have arisen as a result of an act or omission or default of Supplier, at Supplier's own cost.

#### 17. FORCE MAJEURE

- 17.1 Neither Pall Korea or Supplier (each a "Party") shall be liable for delays or defaults caused by an unavoidable or inevitable event which could not have been prevented by prudence, diligence or care by such party, such as acts of God, acts of government, fires, floods, natural disasters, wars, riots or acts of civil or military authorities, provided that the party affected by such event (i) promptly notifies the other in writing of the event and how long it anticipates the circumstances to continue and (ii) takes all reasonable steps to avoid further delay and to proceed with the due performance of its obligations under the Purchase Order.
- 17.2 Notwithstanding the foregoing, Pall Korea shall have the right to terminate this Purchase Order if the delivery of Goods is delayed more than 60 days due to such event, without additional liability to either party.

#### 18. SUB-CONTRACTING

- 18.1 Pall Korea's Purchase Order is placed subject to the work being carried out by Supplier and no assignment, sub-contracting or transfer is permissible without specific prior arrangement with Pall Korea in writing. No assignment or subcontract (even with Pall Korea's consent) shall relieve Supplier of any obligations under the Purchase Order. Any purported assignment, transfer or subcontract without such written consent shall be void and ineffective.
- 19. ANTI-BRIBERY CERTIFICATION**
- 19.1 Supplier certifies that (i) it shall comply with all applicable anti-corruption and anti-bribery laws and regulations, including without limitation, the UK Bribery Act, U.S Foreign Corrupt Practices Act and any local anti-bribery legislation, and (ii) all information provided by Supplier to Pall Korea during Pall Korea's pre-contractual due diligence process (including any due diligence documentation, if any) is complete, truthful and accurate.
- 19.2 The Supplier has not and will not (either directly or indirectly) offer to pay, or authorise such offer or payment, of any money or anything of value to improperly or corruptly influence any government official or any other person or third party in order to gain an improper business advantage and has not accepted, and will not accept in the future, such a payment.
- 20. CLAIMS**
- 20.1 All losses, damages, liabilities, claims, demands, costs, charges or expenses for which Supplier is liable to Pall Korea may be deducted from any monies due or becoming due to Supplier, or may be recovered from Supplier by action at law or otherwise.
- 21. WAIVER, SEVERABILITY AND OTHER**
- 21.1 No waiver or forbearance by Pall Korea of any of its rights under the Purchase Order or any provision(s) of these terms and conditions shall preclude Pall Korea from enforcing any of its legal rights whatsoever.
- 21.2 If anything in these terms or conditions or Purchase Order is unenforceable, illegal or void, then it is severed and the rest of the terms and conditions or Purchase Order remains in force.
- 21.3 No rule of construction shall apply to the disadvantage of any party on the basis that the terms and conditions or Purchase Order was drafted by that party.
- 22. SURVIVAL**
- 22.1 All provisions of these terms and conditions and the Purchase Order setting out representations, warranties, indemnification obligations, confidentiality, non-solicitation and non-competition obligations by either party, all obligations which occurred prior to termination of the Purchase Order and the general provisions herein shall survive the termination, cancellation and expiration of the Purchase Order.
- 23. GOVERNING LAW**
- 23.1 This Purchase Order and the relationship between Pall Korea and the Supplier shall be governed by and construed according to the laws of Korea and any dispute or claim of whatever nature, whether for breach of contract or otherwise, arising out of or in any way in connection with these terms and conditions and the Purchase Order (including any question regarding its existence, validity or termination) shall, at the option of the party initiating the action, be referred to either the Seoul Central District Court or to arbitration in Seoul, Korea in accordance with the law of Korea. The arbitration shall be confidential and may be conducted in Korean or English language. It shall take place in Seoul, Korea and the parties expressly consent to the jurisdiction of the Korean Commercial Arbitration Board ("**KCAB**") as a condition for entering into this Agreement. The arbitral tribunal shall consist of three arbitrators, one appointed by each of the parties and the third appointed by those two in accordance with the rules specified above. If they cannot agree on a third, the third arbitrator shall be appointed by the KCAB. The arbitration award shall be final and binding on the parties.
- 24. ENTIRETY**
- 24.1 Pall Korea's Purchase Order, these terms and conditions of purchase, the Specification and confidentiality agreement, if applicable, constitute the entire agreement between Pall Korea and Supplier and supersede all prior understandings and agreements written or oral. Should any error, omission, deficiency, ambiguity, or contradiction occur within the various parts of the Purchase Order documentation or between the documentation and any applicable code, law or statutory regulations, Supplier shall immediately and in writing, bring the same to Pall Korea's attention, and shall not proceed or continue with those obligations affected until written clarification by Pall Korea has been received. Any and all additional costs incurred by either party as a result of Supplier failing to notify Pall Korea shall solely be to Supplier's account.
